3

You're paid & notified

You pick the provider — all four support PromptPay, cards and Apple / Google Pay. Typical fees per sale:

Provider	Cards	PromptPay	Apple / Google Pay	Notes
Stripe	~3.65%	~1.65%	Yes	Cleanest for visiting tourists
Opn Payments	~3.65%	~1.65%	Yes	Widest Thai wallets; negotiable
2C2P	By quote	By quote	Yes	Volume & card installments
GB Prime Pay	~3.2%	~0.8%	Partial	Cheapest PromptPay; Thai SMEs

Indicative only, before 7% VAT — the fee is paid to the provider per sale, not to us. Please confirm current pricing directly with each provider before deciding, as rates are set and updated on their side.

PHASE 2 — YOUR OWNER DASHBOARD

- **Cash flow in & out** — money spent restocking vs. money from sales, with live profit at a glance.
- **Live stock control** — every sale lowers stock, every restock raises it, with low-stock alerts.
- **Accountant reports** — one-click sales export — filter by product, brand & date range, with a VAT summary.

Ready when you are

The store is live and waiting — the moment you choose a payment provider, Aqua Sport Supply can start taking orders online, and we build the dashboard alongside your first sales.
